Open House – Join us in person

Georges P. Vanier is a dynamic community of Middle School learners. Please join us to learn about our school and to meet our administration and some of our teaching team.

About us –

Here at Georges P. Vanier, we are home to numerous programs: Community Regular English, Early French Immersion program, Late French Immersion, Learning and Literacy (L&L) program. Although we have many diverse programs at Georges P. Vanier, we strive to be a community school where regardless of programming, background or neighbourhood we are all members of the same school community, and we are strong as a whole because of this.

Entrance Requirements -

There is no requirement for students to have prior knowledge of French for entry into the **Late French Immersion program in grade 7.**

The Open House will:

- 1 | Provide more information about our school as a whole and the programs we offer:
 - Review the registration process.
 - Introduce you to key staff members.
